EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark L. Warzel (Reg. No. 47,264) on 10/02/2003.

The application has been amended as follows:

In the claims...

63. (re-instated) The process of claim 14, wherein the polyallylamine is N-alkylated polyallylamine, N,N-dialkylated polyamine, or a combination thereof.

64. (amended) The process of claim [17] 14, wherein the polymeric polyacid is poly(acrylic acid).

2. The following is an examiner's statement of reasons for allowance: The after-final amendment filed 09/22/2003 has been entered. This amendment, and the arguments presented therewith, have overcome the outstanding objections and rejections. With specific respect to claim 63, although not expressly stated, the species election of 06/12/2002 (Paper No. 6) should have logically required the election of a specific polymeric polybase, as anticipated by applicant

Art Unit: 1762

in the election filed 07/08/2002 (Paper No. 8). As noted in the Office action of 06/13/2003 (Paper No. 12), the prior art neither teaches nor suggests an opaque coating composition comprising a polymeric polyacid and a polymeric polybase. As such, applicant is entitled to consideration of non-elected species (see MPEP § 809). Withdrawn claim 63 has been re-instated. Claims 1 – 4, 6, 7, 12 – 14, 21 – 40, 47 – 55, 63, and 64 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
